Notes

History

NARI's roots go back to 1935 when President Roosevelt's National Recovery Act established the beginnings of NERSICA (The North East Roofing, Siding and Insulation Contractors Association).

In 1956 President Eisenhower established Operation Home Improvement, a nationwide effort emphasizing the rehabilitation of existing housing rather than new construction. The National Home Improvement Council (N.H.I.C.) emerged from this effort.

By the mid-1960s, NERSICA no longer reflected the membership of the growing industry and its name was changed to the National Remodelers Association (NRA).

In 1983, the National Remodelers Association and the National Home Improvement Council joined to establish the National Association of the Remodeling Industry (NARI). Today, NARI has 58 chapters nationwide and has enjoyed a sizeable growth period during the past decade. In 2000, NARI moved its national headquarters from Alexandria, Virginia, to Des Plaines, Illinois, and as the Voice of the Remodeling Industry™, continues to prosper.

NARI's Core Purpose is to advance and promote the remodeling industry's professionalism, product and vital public purpose.

ABOUT NARI

The National Association of the Remodeling Industry, or NARI, is the medium for business development, a platform for advocacy and the principal source for industry intelligence. NARI connects homeowners with its professional members and provides tips and tricks so that the consumer has a positive remodeling experience.

NARI is an organization of high-quality remodeling professionals. Its members are committed to integrity, high standards, professional education, ethics and market recognition.

NARI Code of Ethics

Each member of the National Association of the Remodeling Industry is pledged to observe high standards of honesty, integrity and responsibility in the conduct of business by:

1. Promoting only those products and services which are functionally and economically sound, and which are consistent with objective standards of health and safety.
2. Making all advertising and sales promotion factually accurate avoiding those practices which tend to mislead or deceive the customer.
3. Writing all contracts and warranties such that they comply with federal, state and local laws.
4. Promptly acknowledging and taking appropriate action on all customer complaints.
5. Refraining from any act intended to restrain trade or suppress competition.
6. Obtaining and retaining insurance as required by federal, state and local authorities.
7. Obtaining and retaining licensing and/or registration as required by federal, state and local authorities.
8. Taking appropriate action to preserve the health and safety of employees, trade contractors and clients.

California State License Board

This link will take you to the California State License Board website:
<https://www2.cslb.ca.gov/OnlineServices/CheckLicenseII/CheckLicense.aspx>

NARI Members in classifications requiring licenses (contractors and some subcontractors) are vetted upon joining and you may check their current status with the State.

The landing page will look something like this –

Check a Contractor License or Home Improvement Salesperson (HIS) Registration

Look up a contractor license or Home Improvement Salesperson (HIS) registration to verify information, including complaint disclosure. Before hiring a contractor or signing a contract, CSLB recommends you read the [Hiring a Contractor](#) page.
